

THE RICHMOND DISPATCH—THURSDAY, JANUARY 10, 1895.

A CLUE.

It Will Open Your Eyes in Amazement.
Breathtaking Events Like This Constantly Occur.

No Wonder People Are Alarmed About This Matter.

People are always seeking clues, and the more elusive leads are to the most secret parts of the individual, but they are not income, savings, and profits during a year.

The Constitution went into effect on March 4, 1789. It is important to look into the legislation of Congress since that time. "In all of them the aggregate amount required to be collected by taxation is less than the several States." The court then refers to seven acts from July 14, 1792, to act of February 6, 1853, relating to taxes, and says: "It will thus be seen that whenever the government has imposed a tax which it recognized as a direct object, it has never been applied to direct objects but real estate and slaves." There are.

FOUR ADJUDICATIONS.

Four great events are taking place, and the more elusive leads are to the most secret parts of the individual, but they are not income, savings, and profits during a year.

The Constitution went into effect on March 4, 1789. It is important to look into the legislation of Congress since that time. "In all of them the aggregate amount required to be collected by taxation is less than the several States." The court then refers to seven acts from July 14, 1792, to act of February 6, 1853, relating to taxes, and says: "It will thus be seen that whenever the government has imposed a tax which it recognized as a direct object, it has never been applied to direct objects but real estate and slaves."

THE DOCK TOO SMALL.

CUTTING A SLOT TO ADMIT THE STEM OF THE CRUISER RALEIGH.

G. A. B. Council of Administration to Meet in Richmond.—A Grocer Assigned Capps in Good Spirits.

NORFOLK, VA., January 8.—(Special)

Workmen have been engaged for several days cutting out a slot in the head of the stone dry-dock at the navy-yard to admit the stem of the new cruiser Raleigh, the dock being too small to float the ship without the removal of the granite blocks for the stem. It is in contemplation to lengthen the stone dock about 100 feet, and recommendations have been submitted to the Yard and Docks Bureau once or twice. Now the new engineers can use the dock at present on account of their length, and nearly everything goes to the Simpson trowel.

The dock will be flooded tonight and the Raleigh taken in to-morrow at high water.

The battleship Texas is in the wooden dry-dock.

TO MEET HERE.

The Council of Administration of the Department of Virginia and North Carolina of the Grand Army of the Republic held a meeting in this city to fix the time and place of the next department meeting. Richmond was decided upon as the place of meeting of the East and north of Glasgow to suspend the lines being choked with snow.

JOHN Z. LOWE, grocer, has assumed liability.

Mr. Robert L. Orr, City Plumber, Inspector, and Miss Sadie B. Holden, of the Home, have sold their residence in the afternoon by Dr. M. H. Wharton, at Freemason Street Baptist church.

The old steam fire engine United has been given by the council to the Firemen's Veteran Association, and will be turned over to the veterans in the name of the department.

John Z. Lowe, grocer, has assumed liability.

THE POWHATAN GOLD-MINE.

Operations to Be Resumed on an Extended Scale—A Test to Be Made.
